

1st RAP Seminar

The 1st Seminar on RIKEN Center for Advanced Photonics

第1回光量子工学研究領域セミナー

Language: Japanese

Date : April 12(Fri), 2013, 15:00 ~17:00

Location : Cooperation Center, 3F Meeting Room, W319
(研究交流棟3階会議室 W319)

15:00-15:05 **Opening Remark** Katsumi Midorikawa

15:05-17:00 **Research Introductions**

Extreme Photonics Research Group

- Attosecond Science Research Team K. Midorikawa
- Near-field NanoPhotonics Research Team S. Kawata
- Ultrafast Spectroscopy Research Team T. Tahara
- Molecular Reaction Dynamics Research Team T. Suzuki
- Space-Time Engineering Research Team H. Katori
- Live Cell Molecular Imaging Research Team A. Nakano
- Biotechnological Optics Research Team A. Miyawaki
- Image Processing Research Team H. Yokota

Advanced Photonics Technology Development Group

- Photonics Control Technology Team S. Wada
- Ultrahigh Precision Optics Technology Team Y. Yamagata
- Neutron Beam Technology Team Y. Otake
- Advanced Manufacturing Support Team Y. Yamagata

Terahertz-wave Research Group

- Tera-Photonics Research Team H. Minamide
- Terahertz Sensing and Imaging Research Team C. Otani
- Terahertz Quantum Device Research Team H. Hirayama
